Tried a high-quality hotdog

Don't be worried about the safety. this is for the Empress of Yupita.

I did not know...
...the world would be so full of wonders.
OH, IO-KUN IS A PRINCE OF THE KINGDOM OF YUPITA!?
YES YES...

For example,
this is foreign student Io-Kun.
DID YOU COME ABROAD TO STUDY THE JAPANESE LANGUAGE?
FROM WHICH PART OF YUPITA DO YOU COME?

Hello!

We are very happy to be working on this series from our beloved (except when it comes to handwritten kanji) **Tanaka Meka Sensei**. We hope you enjoy our best effort on editing this manga and that you will purchase any work of hers if it becomes available where you live. This work will be on our site only until it is licensed, so, while you can, visit us at **www.mangaordersbros.eu** and leave your nice comments for Tsukuyomi, our group.

See you in coming chapters!

Actually, this guy is an alien who came from the end of the universe
I CAME TO MATE WITH HAKO.

SO IT'S COME OUT THAT HE'S THE KING OF A FAKE COUNTRY
SO I ASKED FOR A LITTLE HELP WITH THE DOCUMENTS
WELL, YOU KNOW MY PARENTS' COMPANY HAS POWER IN THIS TOWN.
EVEN LOVE IS NECESSARY BEFORE GETTING MARRIED!
SO SPEAKING IN SUCH A MANNER IN PUBLIC IS NOT GOOD!
SO MANLY
WHY?
ON EARTH, WHEN YOU MATE WITH SOMEONE, ISN'T IT CALLED "MARRIAGE"?
BUT HAKO HAS ALREADY GIVEN ME A KISS...

Day Off (2)

Traveling in Italy Milan -> Benestare -> florence -> and to Rome. Going south was fine but was a hard schedule. It is encouraging to see a very beautiful destination when visiting Europe for the first time.

There seems to be picture book scenery wherever you go. I got a little stiff after Rome was hit by a tremendous thunderstorm.

Among the cities I toured you might like florence the most. There are fewer cars on the streets and I was able to sightsee leisurely.

I spent a day at the Uffizi Art Gallery and I will pontificate* more on that later.

*T/N Pontificate is play on words since she is in Rome, the center of the Catholic Officiates who are called pontificates
